*Exercise for falls prevention in residential aged care – evidence of clinical and cost effectiveness outcomes from the SUNBEAM Trial.*

12.30 – 12.40 pm Question time

Lunch (12.40 pm -1.30 pm)

## Afternoon Concurrent Workshop Sessions (1.30 -3.00 pm):

### **Leading Better Value Care - Falls in Hospital – Facilitators –Dr Deborah Browne, Director, Collaboratives, Clinical Excellence Commission (CEC) and Ms Ingrid Hutchinson, Project Officer, NSW Falls Prevention Program, CEC**

This workshop will provide an overview of the model of improvement used to guide the LBVC – Falls in Hospital collaborative and will include presentations from teams involved in the collaborative as well as involve participants in PDSA cycles.

### **Exercise Interventions – Facilitators – Dr Daina Sturnieks, Senior Research Scientist, FBIRC, NeuRA, Conjoint Lecturer, Dr Jennie Hewitt, Clinical Education Coordinator, University Centre for Rural Health**

This workshop will review the current evidence for exercise in preventing falls in the community and in aged care facilities. We will focus on successful exercise trials, unwrap protocols and exercises to identify what might be suitable for each setting. During this interactive workshop, attendees will discuss the evidence, debate the assumptions and engage in activities to develop practical skills for designing and delivering exercise programs for fall prevention.

### **Mental Health and falls prevention –Facilitator Ms Mandy Meehan, Team Leader, Ryde Older People’s Mental Health Service (OPMHS) and Ms Emma Underwood, CNC OPMHS, NSLHD-MHDA**

This workshop will explore the link between mental health and fall risk; outlining some common mental health conditions (including depression and anxiety), showcasing a range of initiatives and engaging participants in an interactive case study, providing opportunity for questions and feedback from an expert panel.

At the conclusion of the workshop participants will be able to recognise the potential mental health needs of older people in their own practice, identifying unique fall risk factors and management.

### **Concluding Session (3-4 pm), Facilitator: Dr Daina Sturnieks, NeuRA**

#### **Panel Discussion and Questions**

### **Posters (Displayed at Morning tea and Lunch, authors will be with posters from 1.10 – 1.30 pm)**

1. Ms Sally Bowden, Deputy Physiotherapy Manager War memorial Hospital, South Eastern Sydney LHD  
*Falls prevention strategies and management at War Memorial Hospital*
